NOTA:

- Inainte de inceperea executiei tamplariei, furnizorul va masura dimensiunea golurilor efectiv realizate, iar apoi, dupa acordul proiectantului, va trece la realizarea ei.
- Tamplaria exterioara este privita din exteriorul cladirii, iar cea interioara din camera inspre care se deschide.
- Prin sens de deschidere al usilor, dreapta/stanga, se intelege mana cu care deschidem usa inspre noi.
